We venture the following answer  
to the question of the correspondent  
from Morris Chapel as to who first  
preached the gospel to the Grecians  
at Antioch: It was unnamed, un-  
official disciples who fled from per-  
secution in Cyprus and Cyrene.

While Cyprus was the home of  
Barnabas, it is improbable that he  
was one of those who first preached  
to the Grecians at Antioch, because  
he was at Jerusalem when news of  
what was being done at Antioch  
was received by the church there,  
and he was selected to go to Anti-  
och and help in this great work.

Those who first preached the  
gospel at Antioch were just unof-  
ficial Christians, what we call lay-  
men, but they were as all who pro-  
fess Christianity should be, so filled  
with the Holy Spirit, so dominated  
by love and compassion for dying  
humanity that wherever they went  
they preached the glad tidings.

We must not think that because  
we are not ministers or elders or  
Sunday school teachers we have no  
commission to preach the word of  
Christ. Every Christian should be

a witness for Christ wherever he  
goes. We need great, we need  
learned preachers but our greatest  
need is more spirit-filled laymen  
whose every-day life is one contin-  
ued sermon for Christ.
